# ROSSO MANIGLIE

ELEGANZA CON STILE

ITALIAN INSPIRED
DESIGN 2016/17

Rosso Maniglie is our exclusive range of Italian inspired designer levers. Produced using a zinc base material and manufactured to the highest standards, this range takes designer levers to the next level.

Created with a contemporary aesthetic appeal, our Rosso Maniglie range has quickly become the first choice for home owners, architects and house builders throughout the UK.

Expanding on our successful lever on round rose, we are proud to announce the introduction of several new lever designs, our all new square rose and the inclusion of both standard and narrow backplates. These additions now allow any project to be furnished throughout with one complete range.

Integrating with all 14 of our designer levers, our square rose gives the Rosso Maniglie range an all new look with its bold architectural styling.

Available as standard with seven different designer levers in two finishes and the option to customise others in the range with the spare square rose packs, our new addition makes Rosso Maniglie more dynamic and versatile than any other range by providing endless variations for any interior project.

Engineered to interchange with existing round rose covers, the square rose self-locates on the internal rose body and tightens with a concealed grub screw for added security.

The clean and refined styling of the new Rosso Maniglie backplate adds further diversity to the range by providing the finishing touch to any project.

The standard 190 x 42mm backplate is available with three of our popular designer levers and supplied with euro lock, standard lock, latch or bathroom lock finish.

The narrower 220 x 32mm backplate is suitable for uPVC, composite and timber doors that use a multi-point locking system. The lever comes unsprung so it can be used on left and right handed doors and so it can be lifted upwards to engage with the locking bolts.

NEW PRODUCT RANGE

LEVER ON BACKPLATE

Choice of
Lock, latch or bathroom

Non-handed multi-point lever
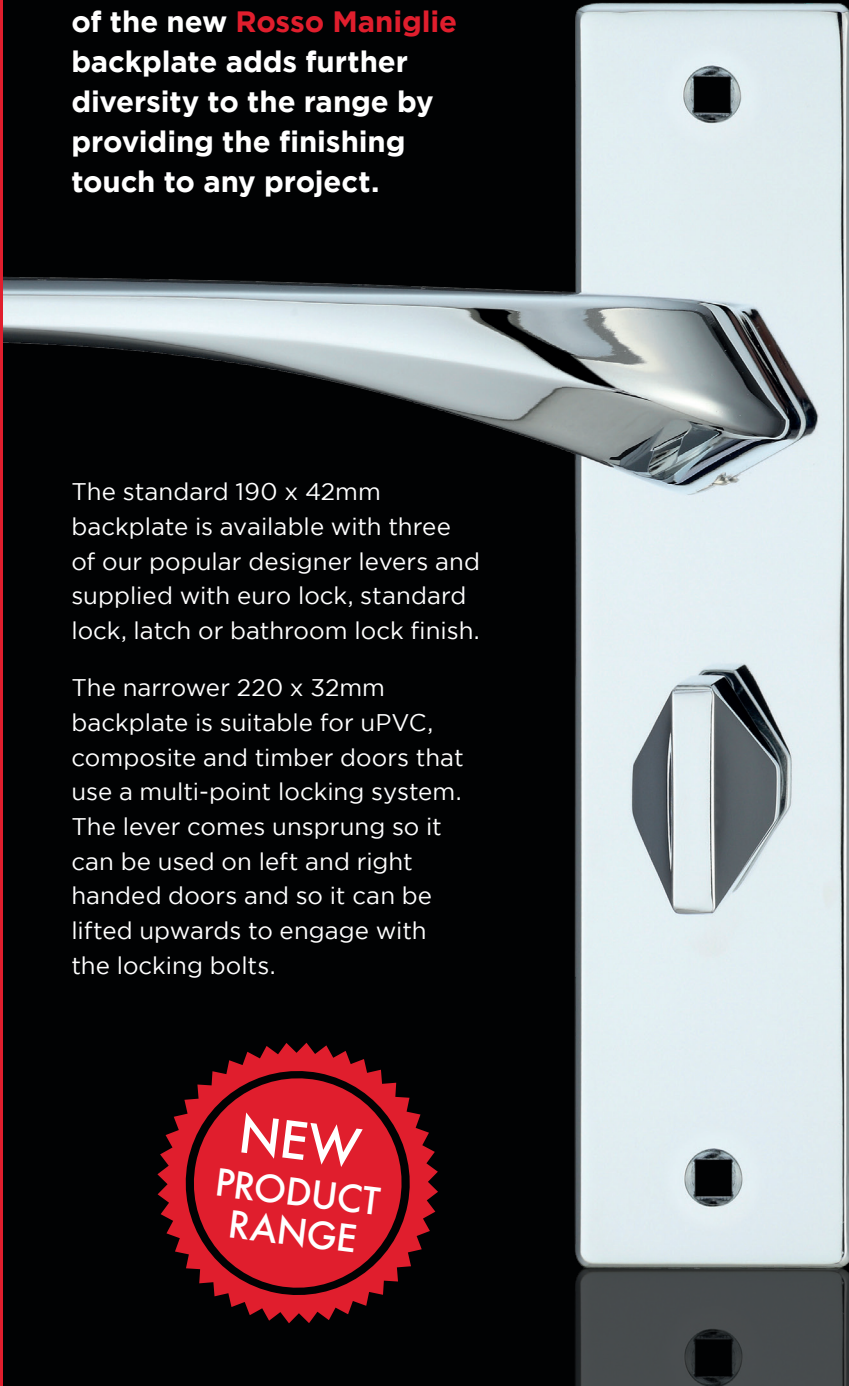

STANDARD BACKPLATE

Features

- 190 x 42mm backplate
- Lock, latch & bathroom

PRODUCT STAND

The **new Rosso Maniglie** dispenser stand is the perfect POS display system to promote and sell our amazing Italian inspired levers. Each stand holds stock of four different lever styles, 20 units per lever (maximum capacity of 80 units in total). A test sample of each lever will be supplied on a replaceable sliding board so your customers get to see and feel first-hand the quality of the Rosso Maniglie range.

Contact your regional sales manager for full details
